Announcement.

IN CHANGING our name from the Big Four to the Little Gem Brand Book, we have endeavored to make a better book or directory for the cowmen than we have done in years past. We have expended a great deal of money and some fourteen months time, and are still ready to spend our time and money to make this the only open Brand Book and Directory for the Ranches and Cattle Country that we are entitled to invade by the Copyright Laws of the United States.

As will be seen on the title page, the Little Gem Brand Book was copyrighted under the Act of Congress, May 11th, 1900. Said copyright is good for twenty-five years and we shall prosecute any and all persons who infringe either upon the title, the style of make-up, or any other matter that would copy after or try to be a fac-simile of the book or contents.

Our book for 1901. Vol. II, No. 1, will contain an index and the Brands of Cattle and Horses of the range districts in Idaho, Oregon, Washington, Nevada, Utah, Western Colorado, Western Montana and Western Wyoming (where the water runs south and west).

Vol. III, No. 1, 1902, will contain brands of cattle and horses of the range districts in Arizona, New Mexico and Texas.

Vol. IV, No. 1, 1903, will contain brands of cattle and horses in the range districts in Oklahoma, Indian Territory, Kansas, Nebraska and Eastern Colorado.

For each succeeding volume we shall announce in due time the states and territories through which we shall work.

Those wishing their stock cuts can have them for the trouble of packing and postage. They are nice to use on your letter heads or other stationery. We have reserved them all; price \$1.00 delivered.

ABBREVIATIONS, MARKS AND BRANDS.

For the information of our patrons we make the following explanation of abbreviations: The letter "R" stands for right; the letter "L" for left; "R. S." for right shoulder; "L. S." for left shoulder; "R. Si." for right side; "L. Si." for left side; "R. H." for right hip; "L. H." for left hip; "R. T." for right thigh; "L. T." for left thigh; "N." for neck; "J." for jaw; "U. M." for under mane; "L. D." for low down; "O. S." for old stock; "A. P." for any place on animal; "Add. B." stands for additional brand; "H. B." for horse brand, and "U. S. We Make Saddles, Best on Earth.

Padgitt Bros., Dallas, Texas.

Dallas Exposition and Texas State Fair—
First Premium, 1895, 1896, 1897, 1898, 1899.

PATENTED

The above cut shows our specialty. Front portion is rigid back to the dotted lines; this is the stay and strength. Rear portion is made of sole leather; this is for the ease of horse and rider, as it conforms to both.

Best grades are for stock work; guaranteed to retain their shape and not break either from getting wet or hard work. The trees have been tested since 1895. Still we cater to the wants of Stockmen under a guarantee. Its time for the skeptic to stand aside.

We embrace Quality, Durability, Strength and a very easy rider.

Bend of Tree Bar and Dish in Cantle fits horse and rider.

We make Saddles on Wood Trees. Take your choice.

WHEN breeding cattle why not raise the kind that always tops the market; they are always ready for the butcher and will out rustle the buffalo. At the great dispersal sale, held in Chicago, March 23rd, 1900, of the Wallace, Estill, Aberdeen Angus cattle all previous records were broken. Seventy-two head were disposed of at this sale which averaged \$579 per head. Acclimated, registered, Aberdeen Angus cattle of both sexes, of the finest strains on this continent, for sale at all times, at Indian Springs Ranch, twenty-five miles north of Dickinson, North Dakota.

Mersure at Points Where Tape Shows on Foot.

Draw the tape as tight as you want the boot or shoe to fit and you will always get a fit. Stand up and push the heel back against the wall and measure to the end of the toe to get the length.

OWING to the advance in the price of leather, and the demand for finer work, prices are slightly advanced over the catalogue prices. We are the oldest house in the Missouri valley who caters to the "Cow Man's" trade direct. If the boot or shoe does not fit, please send it back. We don't want you to keep them. As our previous work has always shown, we work nothing but the best grade of leather. Have you corns, bunions, ingrown nails, or a crippled foot? Let us make your boots or shoes for you; we make a specialty of this class of work.
